

Joanne Huntsman Waters

January 21, 1938 ~ February 26, 2024

Dear Sweet & Great Aunt Joanne , I will miss your request for at least one silly face for fun when we have group photo times at family reunions that will not be the same with out you. I sure hope we can keep that tradition of getting together with family going. I always appreciated visiting together especially when you would call me over and softly explain who everyone was and how we are related to each other. I will always appreciate that you did that for me, told me family history stories helped me to connect to more family in a meaningful way. Thank you so much. Thank you also to James & John for continuing to look out for your dear sweet mom.
