My wonderful husband, I will miss you forever! You were sent to me in a dark time of my life and I will forever be grateful for the time we had together. You were the best thing that ever happened to me and our children, I could never have wished for a better man because one doesn't exist. You used to tease me that " you'll miss me when I'm gone" but I could never imagine the pain that I'm feeling without you here by my side.. I know the world keeps turning and people keep going on and so must I but just always remember, " I love you more"! Always yours Lyn

I will miss you John and your mischievousness. I never seen you without a smile. I have the best memories of Bear Lake and I will never forget you teaching how to drive a boat. The love you shared with family and their friends was amazing. I will miss you!
