Edith Afton Gines Hartman

September 21, 1924 ~ May 21, 2020

Edith was the most Loving/Caring Person I knew. She was in Parleys Ward when she first introduced herself to me and I have valued her Friendship ever since. Edith you truly will be missed here on this earth yet your homecoming in Heaven will be so welcomed by your husband and family...Until we see each other again My Dear Friend. Love You■■■To Edith's Family my Sincere Condolences,Many Prayers for You■■

There was never a dull moment when Aunt Edith was around, and she always brought laughter and fun to everything. She was truly my favorite aunt and she is the one that gave me the love for genelogy work. She would drag me uptown before computers to have me help, and took me once to a genelogy family meeting in Woodland. I so love her and will miss her until we see her again. I know she is having a great time on the other side as she was the last to come home to her family. Love you Aunt Edith and look forward to when we see you again.
