“Do not think of me as gone. I am with you still in each new dawn.” – Native American Poem Dearest Lou, you will be forever missed.

Dear Chris, Julie, Kirk and all of the Martineau clan - I wanted to express my sadness at the passing of your father, Louis Martineau. As a child, he always struck me as a quiet, intelligent, and gracious man. I also appreciated his taste in cool automobiles. I still aspire to acquire a '65 T-bird just like the one I used to see in your garage on our visits to the house in Sandy. And that house!! In combination with Norma's warmth and love (and cooking), and the rest of you always being so nice to your pesky young cousins, your house was one of my favorite places to visit!! As he goes now to sit beside God the Eternal Father, I'm glad he got to enjoy such a long life with his beautiful family. Peace and love to all of you. Curtis

Dearest Cousins Chris, Julie and Kirk, I am so sorry to hear of your Dad’s passing. He was a man of great character and filled with so much love for his family. He lived a long and full life. He will be rejoining your Mom and Lisa now. May you continue to treasure his memory and continue his legacy through your own lives. With deepest love, Wanda

Dear Martineau Family We want you to know that our family has such a great love for your family! We have treasured memories of Lou and Norma and the "Dinner Club" that we shared with them. Cottonwood Heights was a great place to raise a family because of the amazing people who helped with the job! Our love and sympathy are sent to all of you from all of us! Love, Lynn and Karen

Dear Martineau Family, I wanted to let you all know how much I thought of your father. He was always so special, even came and built a little ramp from our family room to the deck for Phil when he needed some help. I was always amazed at all the building he was always doing at their home here in Salt Lake. I know you will all miss him but I'm sure that he is very happy to be with Norma again and his parents and family. You all were very thoughtful of helping him in his later years with a new home and then living in the senior independent place. I know that Lisa was always going up to stay with him a night or Just visit him. A little message to Louis: Dear Louis I'm happy that you are now back together with Norma. I'm sure you have both missed each other very much you always got along so well. I'm sorry I couldn't make it to the Memorial Service. I've been on Home Health for the past 11 weeks and not been able to drive. I have to get someone to take me to medical appointments or get groceries. My daughters have helped a lot and the ward Relief Society also. This virus pandemic makes it harder to do things also because I hate to ask people to go out into society where they might be more apt to catch something in order to help me. I hope you are all doing well. I'm sure it's been hard on you in your work or families. Lets hope we can get this virus thing under control soon and also stop all this rioting and get back to building up our businesses and country. I am so glad to live in this country for the freedom and wonderful possibilities we've had. I appreciate my grandparents and parents coming here for the gospel. That's a big plus for me. Love Nellie Morgan .
