

Clara Margaret Whitson

April 2, 1926 ~ March 9, 2022

Clara has a special place in my heart, she was my primary teacher when was 8 years old and I was then only boy in the class. Clara has always told me that I was her grandson and it seems to have brought her comfort. We both served mission the same time 1989-91 I went to Wisconsin when she was in California. She was so excited when I invited her to my temple marriage and she made that day so much more meaningful with her there. Clara will be missed and is loved by many people. I tried to call her weekly and I am going to miss those calls just to her caring voice. Happy birthday in heaven Clara we love you for your caring hands on my life. Thanks so much for your wonderful example .
