

Clinton Carwin Dayley

January 25, 1937 ~ July 25, 2025

Such a quiet and gentle man. He was so sweet and always welcomed me and my family. The funniest memory I have is when he told us about the immigration officials at the Casino- long story short, he was running too while clutching onto Janet's purse! I loved hearing his stories! That was a fun night at the cabin. Goodbye Carwin and God bless you. You will forever be missed. All my love to you and your beautiful family. ■

Carwin was such a nice man and a wonderful friend. He and Janet have always been there since Troy and Monica married. We shared a lot of memorable and cherished events. He will forever missed. Rest in peace my dear friend.

The first time I meet Carwin was before Janet and him were married. Lynn McCarty Severson and some other friends were having a water fight at my house (just down the street from Janet house) when he was riding his motorcycle down our street on his way to see Janet. I was caring a bucket of water chasing Lynn, she ducked as I through it, of course I hit Carwin right in the face. He stopped and we laughed for a while and off he went to see Janet. Soon after they were married. He was a great man treated Janet and there three boys like angles. Ever time I would see him we would laugh about it.

Dear Janet and family, we are so sorry for your loss. Dud or Dudley as we called him was not only a wonderful cousin but a sweet kinds and very generous man. We had many great times at their Cabin Dancing and Sledding Some of the best times were with the Dayley's . He will definitely be greatly missed! We send our love to you today and always. With much love , Paul & Linda Ralphs
