I worked with Colleen for years at Disney. She was truly one of my favorite partners. Always so kind and responsive and willing to do whatever she could. My heart breaks for her family and close friends. The licensing world suffered a huge loss. May she Rest In Peace.

Colleen is a friend from grade school and high school in Ottawa, Canada. We lost touch over the years, but I had the pleasure of meeting for coffee a few years ago in Kingston, Ontario and she was still the same lovely, happy person I remembered her to be. My heart goes out to her family and friends whose lives she enriched with her presence. May she rest in peace.

I never had the pleasure of meeting you but from what I read from my cousins you were one special lady. To Bobby, I'm so sorry for your loss. I will be thinking of you and praying for you and your family. I will be watching tomorrow. She seemed like she was a very special woman. God bless you and your family! With much love, Jen

I only had the opportunity to meet Colleen once many years ago. I have been a neighbor since they moved to Chapel Rim. After reading her obituary I realize I missed out on being friends with a beautiful, talented and compassionate woman. I’m so sorry that I was not more involved in her life. My prayers go out to her family. Much love. ♥■

We are so sorry for your loss. She was so young and energetic and who would have ever thought she'd be taken so young. It's a good wake up call for each of us. She was always one to be admired. I loved seeing you two out for your daily walks, and loved the words in passing. We wish you all the best. It's easy to see you have many friends that have rallied around you but if we can do anything to ever help, please let us know. We wish you all the best. The Hollands

I have just found out that Colleen passed and I am at a loss as to how to express my shock and sadness. Years ago we were very close. Had been for a long while. I cherish those years and that closeness. I cherish the laughter and the tears, the hours on the phone, the lengthy emails, the magical visits and so much more. Colleen's indomitable spirit, her huge heart, and her unending capacity for love and kindness remain with me always. To Bob, the children, the Williams families and all those whose lives Colleen touched, my deepest and heartfelt condolences. Rest easy "Tall Girl". I love you.
