

Conda "Connie" Rae Rohner

July 28, 1947 ~ December 15, 2021

This beautiful strong woman left her mark on this world in such a big and beautiful way. She cared for her parents and helped raise her nieces and nephews. She continued to grow and learn throughout her whole life. She had a rare intelligence that included an artful eye, an understanding of human nature and the ability to be analytical when needed. She was the best of her mother and father. She showed her athletic talent as a player of softball, basketball, and especially women's football. She shared her talent with young girts when she later coached. My amazing aunt will be missed everyday. She was and continues to be a part of me as much as my own father and mother. Love you sweet child of god.

- Ronnie Linn

I was one of Connie’s softball girls all those years ago. I can’t remember how many years I played on her team but I know we won every season. It certainly wasn’t due to my skills as a player. I was so terrified that first year in 4th grade—so much that I never dared swing the bat the whole first season! Over time, though, I improved. I credit much to her training. I still remember the drills she taught and what a great coach she was. I’ll never forget her and what she meant to me! So grateful I had the chance to reunite with her to thank her before she passed away.
