

Conner Adonis Russell

January 23, 2009 ~ March 30, 2025

I will forever love Conner, he was such an amazing friend to me and I will forever see him in the sky, in music, in outfits i pick, in everything. I am so sorry this happened.

- Christina Alvarez

Conner was in my class for several years when he went to Precious People Daycare. He was always the first to help a friend in need, and looked after the younger kids in class especially. He had a huge impact on the type of teacher I became. I will forever remember his joking nature and big heart and the way he somehow managed to fight with Madden as brothers do, but also look out for him. I am so sorry for your loss. I still think about you all and love you all!

My heart goes out to this family. I send you love and light and a wish for peace during this most challenging of times.

I met Conner fall 2024 through my niece who spoke very highly of him. He was at my home most days and I would tell her would a good, nice guy he was and I really liked him! He was so polite to my mom and me every time he came over, and my darling niece was absolutely smitten with him. She would giggle with sparkle and love about Conner. She would lay in my bed at night talking about Conner. I do believe he was her first love. She will always remember this precious boy, I will too. I am completely heartbroken and in shock. The faith in my heart says he is with us, he will be around. I am just so sorry. ■❤■■■

I met Conner at Riverton Skatepark in around 2022, he was a super nice and funny guy, we didn't really talk much until this year when I got to know him alot better, we would talk alot about peircings and stretching them. I was heartbroken to hear that he passed and I cannot believe I won't be able to talk to him again. So much love to his family and everyone that knew him.

I'm so sorry about Conner. I found a scripture on JW.org that I like to share, Acts 24:15, "there is going to be a resurrection," I wish your family the very best for the future.

- Pam Blackburn

I taught Connor in 7th grade. He made me laugh everyday with his shenanigans and charisma! He was always so sweet. When he was in 9th grade he would occasionally see me in the halls and ask for a hug. It made my day. Kids like Connor are the reason I keep teaching. To his friends and family, especially mom, Connor will always be close. I am praying for you all.

- Mrs. Stirland

In my many interactions with Conner through my job at Jordan District, he was always respectful and accountable for his actions. He truly exuded charisma. His love for his mom and family was apparent in his discussions with me. I had no doubt he would accomplish all the goals he talked of. Such a bright light extinguished far too soon. I am sending prayers of healing to his sweet mom Brooke, and to his family and friends.

I miss your sense of humor, and the way you always knew how to lift everyone’s spirits. I wish I could tell you one more time how much you meant to me and how deeply you’re missed. Conner was a delight in the classroom (STEP) . He always made me smile. He always knew how to cheer someone up. It was an honor to help Conner catch up on his credits so when he started RHS ready to go. I know that Conner will always be watching over his family.

I had first met Connor in 2015-16 at a daycare, he was a super cool guy and I know there were many people in that daycare who looked up to him. I remember him coming over to my house and we took turns playing Halo and another day after that where I went over to his house and he taught me how to ride a skateboard. This one time he came to school wearing a boot and using crutches because he had accidentally shot himself in the foot, he joked about how kids were looking at him as if he were a super spy. After 5th grade he had to leave the daycare and I lost touch with him after that. I wish I had tried to stay in contact with him and I send my condolences to his family even though you most likely don't remember me. I'm so sorry for your loss, Connor was an amazing person and I wish I remembered more about him.
