

Kenneth D Peterson

October 2, 1934 ~ December 22, 2021

Judy we love you and Ken. I so enjoyed our time together. He was a great mentor and friend. Both of you treated Kris and I with such kindness. Ken was the perfect director for me. Love the Hatch's

- Glade Hatch

Just found out about Ken. Judy I am so sorry for your loss. I am so grateful for both you and Ken's friendship and love. I have grown so much in the gospel by being able to have gone to the classes Ken taught. You and your family are in my prays and thoughts. Love you Deb

- Debra McEwan

Dear Judy. I was so saddened to hear of Ken’s passing. How blessed our little group is to have been together for what was to be our last FHE with dear Ken. Thank you for bringing us together. It’s the void he leaves but your memories and your knowledge and love of the gospel will console and buoy you through this sad time. Our group will miss him but his knowledge and love of the gospel will always be an example for us. Please let us know what we can do for you. God bless you and thank you both for touching my life. Much aloha■ Rhonda

- Rhonda Andresen

I always thought a lot of Ken. When we were grade school kids living down on Lake Road (500 West now), our school bus, after picking up us Gammon Kids, who lived a mile or so down the road would stop by the Peterson house and pick up the Peterson kids. That's the first I knew Ken. His mother, Gladys, was our Primary President and was always so kind, positive and pleasant with us kids. Ken had grown to be like her. A few years ago my husband Dean and I, my sister Norma Jean and our friend Marilyn Nielsen took a class from him over in Pleasant Grove. Oh how we loved our teacher and Judy too! Our love and sympathy to his family. Etana Gammon Larsen

- Etana Larsen

My dear Judy and family, My thoughts and prayers are surely with you at this time of the passing of your husband, father, and grandfather. I pray the Lord will comfort you and embrace you in is loving care. Although, I did not get to know Ken as well as each of you, I felt his influence through Judy and the few times we interacted. I will always be grateful that he encouraged Judy to give serving in DUP a try. When I meet him again, I will try to tell him how much it has meant to me that he lovingly shared his sweetheart with all of DUP. I know he is busy teaching and loving and serving those he is with. May Heavenly Father bless each of you, Hugs, Linda Lees and Washington Company DUP

- Linda Lees
