I will never forget Conner. Such a sweet young adult. We have mourned him immensely. I have been blessed to have been part of his short life. May he Rest In Peace next to Annalee.

- Adrianna

To the whole family, I am very sorry for your loss. I remember very fondly the time I met Connor at Eric and Adrianna's home in New Jersey. We were only kids but I remember how sweet and friendly he was, and how he always lit up the room when he walked in. I thank God for the chance to have met him then, and I feel deeply regretful that I am not able to be there for the funeral services. With the deepest regret, I give my sincerest

condolences to you all. -Ashley

Conner was such a wonderful man with an unassuming mature like his dad and a huge heart like his mom. He touched so many lives with his warmth, humor, and fun living personality. We will always remember him with love. Sending much love to his beautiful family.

It was very nice meeting my cousin Conner when my brother and I visited Utah. It is going to be very different without him and it continues to brings me shock after hearing of the sudden accident. We will miss him, and I hope all goes well for everyone. Love you Conner.

We are deeply saddened to hear of Conner’s passing. Sincere sympathy to the entire family. We have so many fond memories of the Van Skyhawk family while living in Riverton - in particular being Rebecca’s visiting teacher when Annalee was born and able to help out as needed. May you receive comfort and peace at this difficult time knowing with certainty that families are indeed forever. Much love from Michael and Marilynn Beesley

Dear Brad and Rebecca and family, I wanted to reach out and let you know how great Conner was! I remember him well. He was always "too old" to be babysat so we became rather lovely friends when I was babysit for your family. It was an unwritten rule that I treat him like he was "older" haha even though he knew I was babysitting him too :) I remember seeing his cute little smiling face come from elementary after school (if I recall correctly, they would hop the fence?) And he would have a big smile to see me. He was always such a kind child and never caused any trouble when i was there. Always helpful and loving and as you said, a quirky sense of humor even as a child. It was so lovely for me to read his obituary and really made me smile. I didn't know very much about adult Conner but what a great kid! Something really to be proud of!! We have a very similar academic and career path - I also went to the University of Utah and I also graduated in Biomedical Engineering although from a different school. I will think of him fondly now in these types of pursuits... thinking maybe I influenced him without even knowing it as a child! Haha before I even knew that's what I wanted to do, of course :) Now that I have two boys of my own, I cannot even imagine the loss that you as parents and siblings must feel. You are missing a piece of your heart now and I only can hope that time will help heal the damage. He was loved by many and even by those that haven't seen him in oh, 20 years at least?! Annalee and Conner are holding hands in heaven waiting for you. He was such a sweet brother to her. You have wonderful children. Remember, time isn't the same for them. No pain there, it only hurts for us. All my love and affection goes out to you all. Kim (Hughes)
