

Kay Joachim Eckardt

April 20, 1939 ~ June 11, 2020

My belated condolences to Kay's family. Kay was my friend, mentor and flight instructor since I met him in 2003. He taught me many lessons, not just about aviation but about life. He was a great person and a true gentleman. His picture hangs in my office and his name is in my flight logbook many times. He will remain in my heart and mind until my last day. God Bless you Kay as you fly West. Your Friend Karl.
