It was a privilege and a joy to have met Connie. We can see the legacy of love that she has passed down to her family by the love and service that all of you have shown us in the past and continue to show us. We are sorry for your immediate loss but know there will be a day when you will all be together again.

Words cannot express the love we have for Connie and for all of you. It was certainly my privilege and my beautiful duty to help her be as comfortable as she could, and to pass over to the other side into loving arms of her family. But the loving arms I saw came from you who cared for her in her last days. Thank you for being the wonderful family that you are. May the Lord's greatest blessings of comfort be yours. Our family wishes your family great comfort and grief support by the Lord ministering angels. We love you, Wilsons❤■
