

Jane Stewart Andersen

August 30, 1932 ~ July 25, 2020

Jane and I got along the minute we met. We both said because we're Virgos, we were alike in many ways that brought us closer. We could talk for hours and laugh and just enjoyed each other's company. I will miss that the most. She married my dad and it was the best thing that happened to us after our mom passed. She was so good to dad and she was loved so much. I love you Jane.

Heaven has gained a sweet angle. Jane was such a sweetheart, and so caring to all. I remember her coming to Newman Elementary School and helping Mrs. Pinder with a group of students that needed a little extra help with some spelling words. I was one of those students. I always admired her in church, her hair was always styled so nicely, and she was full of wit and she always made me smile. Sister Stewart is the sweetest angel and most definitely earned her wings. My deepest condolences to all.

I wanted to let you know how much I will miss your mom. She was such a delight when you brought her to the office to see Dr. Westermann. We are both gone from there now, but I have my special memories of my patients. May

your mom RIP. // Laura
