Caring for Pat at the Beehive Homes is something i hold dear to my heart. Thank you for letting me become apart of your family during the last few precious months of your moms life! I enjoyed catching up with Denise and discussing further school plans. Take care, love you dearly, Oaklee

Mom, I miss you so much. Every day, so many times I think of calling you to tell you something that has happened in my life, like we always did. You have been the best friend I could ever hope for. You gave me strength and courage and compassion when I needed it most, and even when I didn't. There are no words to express to you how much I love you, admire you and miss you. I loved our hours of conversation, your sweet laugh and your beautiful smile. Just the sound of your sweet voice could calm any storm in my life. You are my hero, my role model and my best friend. Thank you for loving me like you did. I miss you more than words can say, and I cannot wait for the day we will see each other again. No matter how many hugs and kisses and 'I love you infinity's I was lucky enough to share with you over the years, it was never enough. I love you infinity x infinity squared x eterenity. ;) Bug
