So sad to hear of Leah‘s passing. My mother Carroll White Fill and Leah we’re good friends since high school. My mom passed away just a year ago as well. I miss her so much and I’m sure you miss Leah as well. They were part of such an amazing generation and will be missed terribly. My sincere condolences to your family. Leslie Thompson

Dear Bill, What a beautiful service it was for Leah. You and her were (are) such good examples for your children and grandchildren to follow The love you share with each other is beautiful. I miss the times Kay and I got together with the dinner group once a month, and more recently, I miss how sweet you were when you dropped Leah off so we could have our lunches together--until Covid put a stop to that. Best wishes to you, Bill. You are in my prayers during this time of sorrow, but isn't it wonderful to know that you and Leah will be together again? Love, Kathleen
