I worked with Lenee for a few years and she was such a lovely person who fiercely loved her little girl. This is truly a sad day and I send her family all the love in the world.

Lenee, you will be so greatly missed. I am so sorry this happened to you and my heart breaks for your daughter Ember, your amazing mom Lorraine (my awesome aunt), all your friends and extended family. The news of your passing overwhelmed me with grief but also made me reminisce on many beautiful memories with you when we were young, the countless Christmas' we spent together (I'll never forget when you taught me how to play the sims on your laptop lol) and of course the times we spent at Grandma Mary and Grandpa Harry's house. The days we went crabbing and fishing with him, 4th of July's with all the fireworks, those warm summers at the pool with them and us seeing who can hold their breath the longest, the countless disney movies we watched together and so many more memories….. I love you Lenee. I am so devastated by your passing and wish I would have made a better attempt to reconnect with you in the recent years when life, distance and careers got in the way. You will truly be missed cousin, I love you to infinity and will hold onto our childhood memories forever. Aunt Lorraine, I am so sorry for all the losses you've endured and I know nothing I can say or do will ever fill the void you must have in your heart but I just want you to know that I love you very very very much and I miss you dearly. I would love to speak to you when the time permits, Ember has 2 younger cousins here in California (Amiyah 7) and (Luca 4) who would love to meet her one day. If there's anything I can do in the meantime please don't hesitate to let me know. I love you Auntie.

Our relationship started off rocky as anyone can tell you at the CTU in UT as I screamed at her. But she held her ground. And we became fast friends. Lenee, was a fighter weather she as fighting for an employee to get a raise, or she was trying to get someone to laugh. But most of all she was fighting to be a great mom. Lenee had the heart of gold. She always wanted to do something for others. Lenee was so creative, she made a dresser look like a stack of vintage luggage. I was so jealous of it. That she could look beyond something so plain and see beauty. She will forever be in my thoughts and her daughter who's name is that of a super hero will grow to do mighty things in this world will always have a place in my heart. Ember always know you are loved, you were the center of your mom's universe! Lenee- I am so very proud to have been able to call you my friend. Thank you for letting me help you and being apart of your life. Lola - I'm so very sorry for the loss of your precious daughter - she was one of the good ones. I loved making her laugh. I'm glad I could make her feel safe. Thank you for sharing her with me even for just a little while.

I was Lenee’s house cleaner. I would see her every other day if not week. I had a strong and caring bond with her. I can really say she was strong and lived a rough life dealing with her sickness and getting depressed at home. She truly was a warrior and loved her little Ember so much. If anyone is able to communicate me with her mother it would be very appreciated. This is truly heartbreaking to know, I spent various days knowing the fact she didn’t reply to my messages was bad, I did suspect she passed away but refused to believe it until I drove to check on her and I the neighbor told me the sad new. Rest in Peace Lenee you are truly missed and loved.■

I was extremely saddened to hear of Lenee's passing, she was a wonderful person. She hired me and upon first meeting her, I immediately got to see her caring and funny nature and you couldn't help but like her. I wish to send all my love and prayers to her family, especially her daughter.
