

Frank Fuller

June 25, 1961 ~ May 31, 2020

Dear Frank and Lee Ann, I was so sorry to read in the paper of you son's passing. I remember you lost Teresa several years ago. It is a terrible thing to lose a child, my oldest daughter, Verna died 6 year ago. It sounds like he was a great guy and I express my most sincere sympathy to your family. I remember the years when I was at Longfellow School and it was fun knowing you then. So many years have gone by, but I wonder if you still live on N Street. I would love to hear from you. Sincerely, Connie Fernandez

Dear Fuller's, My condolences at yet the passing of another child and sibling. May I be so blunt to just say cancer sucks!!! May you and his children be comforted in the coming months and especially around the holidays.

Fuller Family, I am so sorry to hear the news of Frank's battle and passing. Frank and I met in the fall of 1970 at Wasatch Elementary and tracked on together to Bryant Junior High, East High, the University of Utah and Beta Theta Pi. We would always consort as casual friends on the trials and tribulations of growing-up. I remember Frank doing Children's Theater as kids and he was a talented individual in everything he did. We both went our different ways after college and started our careers, but I always expected to see his grinning face again. Frank, you were a great and sincere guy and I know you are in a better place on the other side of the veil. It was an honor to have known you. Godspeed.

Wow I am so saddened by this news because I knew Frank was sicker than he wanted everyone to know and he did not want the attention to be on his cancer. I have so many great memories of him I don't even know where to start, basketball to pee wee football to the Macfarlane ranch, 4 wheelin, fixing cars side by side, golfing with him in San Diego, baseball games to University of Utah football games and just shooting the breeze at the shop. You my friend will be remembered for the rest of my life as a friend I always could talk to and my mistake was never telling you how much you meant to me! To the Fuller family my heart goes out with sorrow for your loss especially knowing that we can not get together to have a formal funeral for him. Nusi I only met you twice but I know that Frank was so in love with you and I am so sorry for your loss. I am going to miss your calls and your great smile, we only get a hand full of real friends in our life and I just wanted to say I love you and I will always cherish all those great memories. God bless
