

Lowell "Keith" Perry

June 5, 1938 ~ September 28, 2024

I was sad to hear about Keith's passing. Please accept my condolences at your loss. I met Kieth in 1979 while I was a theater student at the U. He gave me a job in sales, and mentored me in so many ways that served me throughout my career. The opportunities he gave me to grow were amazing. When I made mistakes (and Imade plenty), he corrected me, using my mistakes as teaching opportunities. I've never had another employer like him in that regard. While I found out within a year that I was not born to be a salesman, my exposure to that world, thanks to Keith, was invaluable. I deeply value the impact he had in my life! He was a great man.

- Jon Clark

Keith has been a dear friend for a long time, he was there for me so many times. He was my partner in crime and plus one on many occasions! I love the relationship I had with Keith because he had a way of making people feel special. He was always positive and supportive and sometimes he just listened. I’m sad that he is gone but I know Keith was a man of faith. I know he is rejoicing and home with our Heavenly Father. I love you Keith❤■
