As I have been thinking of Darla it came to my thoughts that we see the person as they are later in life. I loved seeing the pictures of her when she was younger. I remember her being so full of life, always funny and happy to visit and chat. She could always make me feel at ease and comfortable. Darla was there for Dean in his last hours when he was dying and I imagine he was very happy to have her there with him. Thank you Darla from me and from Kelly also. This is a really nice way for those of us who cannot be at the service to watch from home. See you all there soon. Judy

Barbara Emery just told me today that Darla had passed away. I am so sorry I didn’t know about it sooner. She and I reconnected several years ago and had lunch together every month for quite a while. She always brightened my day with her laugh and sense of humor. I miss those fun times. Sorry I missed the chance to see/talk with her again. We hadn’t spoken for a few months. Condolences to all those she left behind. Cherie Lee McDonald (a cousin)
