RuthAnn and David, My brother, Doug, contacted me this morning with the news of your son's passing after he saw his obituary in the paper. We are all so sorry for your loss. So many years have passed since we have talked but it doesn't take away the bonds of friendship we still have. May the Lord bless you and your family with peace and love at this difficult time. I was so surprised and sad to hear of the passing of Tyler. Tyler was a student in my AP History class in his junior year at Alta. With his fun personslity and sirit he added so much to the class and to our lives. What a former student passes, I always feel such a loss as it walways seems to be a loss to his family, friends and teachers at far too young of an age. May the memories of his love for living, his influence for good on others and the his great personality bring much comfort to you in the months and years to come.

My heart broke into a million pieces hearing that Tyler has left us to return to his father in heaven. Although it's been so long since I saw him, I can still see his ear-to-ear smile and his tousled hair as he grins at me from across a room. He's smile would light up a coal mine and I'm sure his sweet demeanor will be missed all of your days. How I wish I could be there to hug you all and grieve with you at this time. Please know I love you all and miss you. Jana

Saddened to hear of Tyler’s passing. I attended Alta High School with him. Tyler was always friendly and genuine. He was an infectious and instant friend to so many. His smile will forever be an imprint in my mind.

I was so saddened to hear the loss of Ty. I met Ty when I first started at Verizon Wireless and we became great friends. He was the life of the party, always such a fun person to be around. I’m sad we didn’t stay in touch. I’m so sorry for your loss Chow family, too young and a huge loss. Miss you Ty. Joni Earl-Micklos

My family and I send our condolences to Tyler’s family and friends. I’m extremely sad that I am unable to attend Monday’s services. Ty and I started out as “the Verizon guys” in sugarhouse with Tyler Bingham and Dave B (even if he is a Jets fan). Had to throw that in for the Dolphin fan. Ty, it was amazing how close we became in such a short amount of time. But, I know many who will be attending your services feel the same way. You were so good at building connections. That is why you were so good at sales. You made every situation fun. I can’t thank you enough for the memories we had, I wish we had better cell phones back then so I had some videos to watch of us today as we remember what an amazing, fun loving guy you were. Until we meet agin, and I have faith that we will. As you would say “love you kid” - Goodbye Tyler.

I was very saddened last week to hear about the passing of Ty. I have known Ty for about 20 years and met Ty when he worked for me at Verizon wireless. We have kept in touch over the years usually to see how we were doing and our families. With Ty being a Dolphins fan and me A Jets fan I always heard from him a lot during the NFL football season. I am going to miss text messages in Nov/Dec from Ty that say, "Jets suck , Go Dolphins". I want to express my deepest thoughts and prayers especially to all of Ty's family and also to all of him many friends.
