

Jeanne McDonald Ward

September 20, 1926 ~ May 3, 2020

I am so sorry for your loss at this time. Please know that your family is in my prayers. Julie Ward

- Julie A Ward

Jeanne and I worked together at the Center for Public Affairs and Administration for many years, and I missed her mightily when I left there. She was so competent, and always worked hard to keep expenses down. But mostly she was kind and compassionate to all of us who worked there. I regarded her as a personal friend, though I've not seen her in recent years. Her obituary does not mention her daughter Barb, and I do hope she and her family are well.
