

Marcellus Scowcroft Snow

April 2, 1942 ~ April 10, 2020

God speed, Marcellus. Our lives are all the richer for having known Marcellus, Jo, and the whole family. Traci and I send our love and thanks for sharing your lives with us. Aloha.

- David Stanley

Dear Jo, Matt and Family, Howard and I want to express our sympathy to you in the passing of Marcellas. He fought Parkinson's Disease so bravely for so many years. The tribute to him in Sunday's Star Advertiser was a wonderful testament to his many accomplishments and endeavors. May his memory be a blessing to you. Our ALOHA! Howard and Kathy

- Howard&Kathy Bilkiss

Just a note to acknowledge this great gentleman. I so admired how he responded to his life with Parkinsonian's disease and for so many years was active despite the insidious progression of his disease. He was one of my "heroes". Edwina was a loving, supportive wife and I want to say "thank you" to her. Loss is always difficult but with the support of Edwina and the "Snow family" Marcellus was able to make the most of his last years and I feel a great sense of respect and admiration for all of you. With much admiration, Jim Pierce

- James Pierce

Edwina – So sorry to read of your loss. May the Lord bless you and your family at this time.

- Bryce Pettey

Jo, what a great choice you made in marrying this remarkable man. His talents were extraordinary. I will never forget the time we spent together in the South German Mission Home in Feuerbach while he served as the mission secretary. He was so inordinately skilled with languages (German, French, Russian, and Italian). We also shared time together, serving in Mannheim. I remember “contacting” with him one evening as we encountered a Russian speaker. Immediately, he switched from German to Russian. I also remember with great fondness a duet that he played with a member of the Stuttgart Stake presidency as a part of Sacrament meeting. He played the guitar, and the presidency member played the violin. It was heavenly. Sending much love your way!

- M. Winston Egan

Jo and family, I wish you blessing and peace at this time of mourning.

- James Cartwright

I just wanted to say that I was deeply saddened to hear of Marcellus’ passing. Professor Snow was on my dissertation committee in the early 1980s and I will always be grateful for his extraordinary support. I will never forget how he took the time to write an unsolicited letter to my boss about my dissertation, which really helped me in my career. It says a lot about his character — that he’s the type of professor that thinks of his students and how he can help. I wish to thank the family for the excellent remembrance published in the Honolulu Star-Advertiser this past Sunday. Of course, I knew Marcellus as a brilliant economist and mathematician and I even knew that he spoke fluent German and was an avid runner. But there was so much more to this man that I did not know about. He was a good man who lived a truly good and worthwhile life. I also want you to know that made a donation to the Parkinson’s Foundation in Marcellus’ memory. With deepest sympathy, Bob Tanimura

- Bob Tanimura

April 20, 2020 Dear Snow Family, When I was 11 years old I had the good fortune to move directly across the street from the wonderful Snow family on First Avenue. Marcellus ,or Cellus as we called him, rapidly became my first and best friend in the neighborhood. We were the same age but he was a year ahead of me in school because he skipped a grade at Stewart School. From there we went to East High, where Cellus was smart enough to skip everything and enter college, but we finished at East and went to the U of U where he was a Pi Cap and I was a Beta. As I recall, he had an IQ of 167. I’ve known a lot of smart people, but Cellus is the smartest person that I have ever known. We played a lot of golf and tennis together and one summer we teamed up and won our Stake doubles tournament in tennis. When I was 15, I had major surgery on my back and my physical activity was restricted for a year. Cellus would visit me often and we would sit on my front porch where he taught me how to play chess. Cellus would win just about every game. I think once in every twenty games I would win a game and I suspect it was due to his generosity. Cellus, thanks for the good times and the memories and please save a place for me on the other side. With my deepest sympathy to all of the Snow’s, Steve Sanders

- Steve Sanders

Dear Jo, We are sadden to hear Marcellus’ passing from today newspapers, Star Advertiser. Our prayers and thoughts are with you during this difficult and sorrow time. Is there anything we can do to help, please do not hesitate to reach us at gvclay@hawaii.rr.com Our deepest sympathy, sincere condolences and a big ALOHA to you and your family, Jerry and Vanny Clay

- Jerry & Vanny Clay

When my family moved to the Avenues area at the same time the Snows moved to 1st Avenue, Marcellus was my best friend for several years. I took piano lessons from Charlene Snow, and my mother, Cherry Brown, was Marcellus' piano instructor. After graduating from East High, our paths crossed only occasionally but I have always treasured my memories of him and his family. God bless you all.

- Jesse Brown

Growing up Marcellus and our lives were closely linked, as neighbors and in school and church together. I knew he was having health challenges later on but am saddened at the passing of a good man. May he Rest In Peace and let us enjoy our memories

- John Grover

Dearest Jo, I just saw Marcellus' obituary. I am sure your loss is enormous. Even though he was ill, death is always heart ache and final sense of loss. I have thought of you often. I give my most comfort to you and your children. Please stay safe through this difficult time. Love, Penny Heal Breiman

- Penny Breiman

To the Family of the Late Marcellus S. Snow, I just wanted to say that I was deeply saddened to hear of Marcellus's passing. Professor Snow was on my dissertation committee in the early 1980s and I will always be grateful for his extraordinary support. I will never forget how he took the time to write an unsolicited letter to my boss about my dissertation, which really helped me in a critical point in my career. It says a lot about his character -- that he's the type of professor that thinks of his students and how he can help. I wish to thank the family for the excellent remembrance published in the Honolulu Star-Advertiser this past Sunday. Of course, I knew Marcellus as a brilliant economist and mathematician and I even knew that he spoke fluent German and was an avid runner. But there was so much more to this man that I did not know about. Thank you for informing me. He was a truly good man who lived a rich and worthwhile life. I also want you to know that I made a donation to the Parkinson's Foundation in Marcellus's memory. I hope you all are well. With deepest sympathy, Bob Tanimura

- Bob Tanimura

Dear Jo and Family, We are so sorry for the loss of your beloved husband, father and grandfather. I know my father, Cecil Raymond, had many great times and talks with Marcellus and you, Jo. I have a wonderful photo of my father and Marcellus by the North Saskatchewan River. I look at it often. I think it was both of them in their prime when Marcellus was still able to hike and enjoy the outdoors of our great Canadian Rockies. My mother, brother; Cecil-Henry and sister; Caroline and I would like to let you know we only just found out about your great loss, and we want you to know we are thinking of you and you are all in our thoughts and our prayers. God Bless you and your family. I hope we can stay in contact even though my father is also gone now, he had great affection for you Jo, and Marcellus also. We always looked forward to your visits. With much love and sympathy for your loss. Sincerely, Elizabeth Chandless-Kane, Luce Chandless and family.
