

A.C. Avery

April 5, 1930 ~ October 24, 2021

I never had the pleasure of meeting ACE, but my family has enjoyed the cabin in Apline Wyoming for several years. I have spoken with neighbors there about Ace and the family. It feels like we know him because of all the wonderful things we have heard. I'm so sorry for your loss.

I only knew A.C. for a short time, but he will forever be in my memory. He gave me a poem I treasure about a dog that passed. He shared Ancestry finds with me in hopes I would carry on the Avery Ancestry line, and I will! I have many pictures of him and his sisters if anyone wants one. He was a gem among gems.....Perry and Jacque Koscheski

I’m so sorry to hear of grandpa’s passing. I love you all and know that you are in my prayers. He will be missed!

My prayers are with the Avery family at this very difficult time. AC took a difficult beginning and turned it all around with hard work and became the American dream. He was a very kind and generous man helping the under dog, as he well understood what that was like having gone through life’s hard trials himself. He will always be loved for the caring person he was by all who knew him. May he Rest In Peace

Dear Kristy, I'm happy I was able to meet Ace .He is a wonderful man.. I'm sorry for your loss, but not sorry for Ace as he is now with Marlene in a much more glorious place. And if he had health problems, they're gone. The gospel brings us such peace and comfort. What would we do without it? You will still be able to feel his comforting

influence. Don't be sad he's graduated, be grateful for the time you had him here. I love ❤ you and your family. Beverly Jacobson

To all you Avery kids. What memories in the neighborhood and Cottowood1st Ward. They will always be a treasured part of me. Your Mom and Dad each had special things that they said and did that stands out and are very special. I'm so glad that you guys moved to Charleston Lane - we had the best growing up years together! Standouts of your dad - the ward auction, his halloween get up several years and with the spook alley. His memories that he shared at our Cottonwood 1st ward reunion a few years ago. Also Marv and I bought his grandfather clock that he was selling during his downsizing (several years ago) and he's part of our thoughts with the clock in our home. Marv and I have special memories of our double dates with Craig and Julie. Singing with Brad, Bruce & Sue Ann in a quartet was sure special to me also. It was great seeing Kristy with my Mom at Judy Jones birthday a couple of years ago and seeing her on fb too. I love your family!! Marv and I were sorry to have missed the funeral. We had a grandson's baptism the same morning. We did get back to zoom in on the last part of the proceedings starting with Dave's talk to the end. Sure wish we could have gotten to see you all. Sending our love and thoughts and prayers your way. Marv & Valene Hagen - Riverton

Very sorry to hear about the passing of Ace. What a legend !! Bigger than life when I was growing up in the Cottonwood neighborhood. Always had a big smile and interest in what we were up to as kids, we lived in such a tight community back then, he was a central part of it, amazing man, great life.

I was just thinking of Ace and wondered if he was still with us, when I found his obituary. Your dad was our neighbor in apartments in Salt Lake. We adored him! We were young and broke with a baby girl at the time. He often surprised us with a bottle of Sunny D after he went grocery shopping and that drink will forever remind me of Ace! I sat in his apartment more than once and heard all about the family cabin and other stories of his life. We were so blessed to have known him. ❤■

I am so sorry for the loss of Ace. I just found the obituary. I didn't know he had passed. I was Ace and Bea's neighbor in Sandy for about 4 years. Ace was always willing to help me if needed and even when I didn't ask for help. He would recite some of his poems to me and he told me all about the church that he rebuilt and showed me the pictures and told me what was planned for the future there. He was a fun neighbor to have and I enjoyed visiting with Ace and Bea. He will be missed.
