

David Ross Aldous

August 26, 1984 ~ March 27, 2021

John & Susan I was saddened to hear of the passing of David today as President Skousen and I were visiting on the phone. I know David was sent to you and your family in this life to help you and others and show us what it means to give unconditionally and love as our Savior loves us. You are terrific parents and may the Savior comfort you and bless you to know David has passed this life's journey and will move on to greater accomplishments without those restrictions and handicaps that burdened him in this life. May the most choice blessings be upon you. Grant Taylor

Hi John and Susan, my heartfelt condolences go out to you and your family. I was heart broken today to hear that David had passed thru the veil recently. He was a special spirit and such a joy to be around. We loved sharing time and experiences with David. We loved serving for 4 years in the Special Needs Adult Program sponsored by the LDS Church. May the Lord bless and console you at this time of need. Our prayers are with you. Most sincerely, Glen

We all loved David here at Chrysalis. He was a bright light here on earth and I know he will continue to shine. Sending you love and condolences during this time.

Dear John and Susan, I want to take a quick moment to give you my condolences for David's passing. Jesse DeGroff is one of my choicest friends. We were roommates in college and we continue to stay close to this day. While in college Jesse took me up to your home quite a few times. I have had dinner with you and your family multiple times and even spent the night in your home on a couple of occasions. In hind-sight I'm amazed at your generosity to allow strangers (especially college kids) into your home. You are most kind and generous! On a few of the occasions I had to visit your home I had the pleasure of getting to know David a little bit. My heart was

touched when I read his obituary and I know of your undivided love towards him and our Savior's love for him as well. He was a special human being. I know that despite the challenges Prader-Willi presented, he was a choice soul who touched many lives. I wish you and your family the very best during this difficult time. May the Lord's peace and love rest on your souls. Best regards, John Lyon

Hi, I come on this website to find another obituary, and saw this. I went to high school with David. I was a year older, but I worked with all the amazing special needs kids! David was so wonderful, and I remember him well! He certainly had an infectious smile! I send my condolences! May he Rest In Peace!
