

Maurine J Maxwell

July 6, 1950 ~ June 20, 2024

Dear Gene and Family, It wasn't too long ago that Content and I were visiting with Gene and Maurine and Nicole and even though she wasn't feeling that well she was still a gracious hostess. I was so happy that I was able to make her laugh. A life well lived. We love you all and will miss Maurine in our family circle. We are confident that she will be busy preparing a heavenly home for her family.

- Larry & Content Maxwell

To Gene and family, our thoughts and prayers are with you. She was a wonderful woman,. She loved her family so much. May God's blessings and love surround you all. She knew and was the light of Christ, and loved to share it!

- Barbara and Merlin Bradley

I will always remember Maurine. She was always kind to me. She had me babysit the children when she would go out and do her errands, and I loved it. She always had a smile. I remember some of her cats. It seemed like they never would come out and want to be petted, but oh well. I have a cat now, and I think of hers once in a while. I hope the family can remember where she is and that she is not in any pain anymore. That is what has helped me the most since when my mom and kyle died. Remembering also that I will be able to see them again if I remain worthy, which I am trying my best.
