

Maurine Pace Platt

April 17, 1923 ~ August 6, 2021

Maurine was my dear and precious friend for more than 40 years. She was an ever-present, smiling face every summer in our ward in Lincoln City. She came to church every Sunday, and brought sunshine to all our mid-week activities. She joined our choir whenever she was here, and shared her lovely voice and beautiful smile. She cared deeply about all of her friends here, calling us her “Friendly Family,” because, even though we were not her actual family, we were more than just friends. She will always be part of us. I love and miss you, my sweet Maurine. Until we meet again, June

- June Orton

I dearly loved that precious girl. A privilege to have known her. Love

- Diane

Dear Platt family we loved your Mom so much--such a kind, gracious, fun and inspiring person. She was/is full of light. I am so grateful for her example and testimony. She loved the Lord and made sure that we all knew it, especially our youth, who she personally encouraged as often as she could. This world will miss her but I am thrilled that she's finally on the other side, where life is better. God bless you all

- Shauna Sandberg

I love Maurine so much and will miss her very much. She is and was a wonderful lady.

- Georgia Miller

Dear Maurine's family, I have known Maurine for about 26 years (moved her shortly after her beloved David had died). She was a truly an "elected" lady. Always had a great greeting and a wonderful smile on her face. For years and years she sang Happy Birthday to every member of the 25th Ward. We all looked forward to her call. She set a

high example for us to follow as did you as a caring family taking care of her in her later years. You are a very special and much appreciated family. Much love, Marie Davis

- Marie Davis

May I join your family and friends in extending my love and respect to you on behalf of our beloved neighbor and friend Trena and her delightful daughter Maurine. So Maurine lived t be 98--impressive! My memories are many and bright of our association on 1800 East. I am still there and will always miss the Pace family. Daryl Hoole

We will miss our USC alum "Thomasina Trojan." But we know she's continuing to "Fight On!" John 14:1-3,26. ■ Love, Gordon & Barbara
