

Milan D. Swilor

March 18, 1941 ~ April 21, 2024

I'm deeply saddened by this loss. Milan, for some reason took a liking to me many years ago and accommodated my company and myself whenever asked. Work, snowmobileing, horseback riding, or just a conversation in his office, Milan would make me laugh and had a way of teaching me something without trying. We had lost touch in the past few years for what I would call life's adjustments, but what he gave me in memories will be forever lasting. I send my condolences and prayers to all his family.
