Holding you and your family in my heart and thoughts, Ruby. Mike left a big hole in your community and also left what sounds like a wonderful legacy. My deepest condolences.

Please accept my deepest condolences. I loved Misak(Mike). He was an honest and pleasant individual full of life and optimism. Even though we didn't see each other in the past few years, but I always thought about him and immediately smile would appear on my face. He will be missed.

I worked with Misak's wife, Ruby, for two years at a Montessori preschool back in 1998-2000. Ruby always spoke of her love for her husband and their boys. My deepest condolences to Ruby, their family, and friends. May you feel peace and comfort through memories of Misak, and the love you shared.
