A long road together Dennis —— No one can fill those work boots like you have done. Happy trails old Pal ——-

- Ned Christensen (Chri)

Sorry to see you go old buddy. There are not many of us old Ceco boys left. Dennis and I worked together for 47 years. His advice and friendship will be missed. Dennis see you on the other side for whatever God needs us to build. Sincerely, Dan & Jeanie Heyder ,

Dennis was one of my mentors and teachers at Ceco. As a young project manager he shared his knowledge and experience with me. The Montage Resort was the largest project that I had ever done. Dennis was our general foreman on that project. I love the time on that project and am thankful for everything that Dennis taught me. I am sorry for your loss. I wish I could have been at his funeral to share in remembering him and celebrating his life. Wayne Southam
