Having worked with Adele for many years, I found that under that tough crust, was a kind, gentle and giving soul that would do anything for you. She was always kind to me and I appreciated that. Rest In Peace my friend!

I worked with Adele for five years and considered her a friend and colleague. She was always willing to share her knowledge of the job and assist others. She will be missed.

- Pat Albert

I worked with Adele for many years, and she always made me laugh. She had the best laugh when she was being mischevious. She had a heart of gold and I liked her spunkiness. She always talked about her family and how much she loved them. We have missed her in our department, but I'm happy that she enjoyed her retirement years and was able to pass feeling peace and loved.

Dear Robert, just heard about Adele and I am sincerely sorry. Hope your doing ok. Love Phyllis

I had the privilege working with Adele her last 6 years with the UDOH- She always enjoyed celebrating birthday's- she would always make sure you got a cake.- she loved Halloween- I remember her so excited about a Big spider

she would bring in and hang on the wall. Rest In Peace Adele-

My heart breaks for the family and friends who lost a good person and great friend when Adele left this earth. She was, is and will always be one of my very best friends. Even though we were not physically close for the last few years she always kept in contact and checked up on me every now and again, sad to say I was less diligent in making contact with her but she made up for my negligence. I will miss her. May she RIP.

Adele was one of the most honest and kind people I have known. She stood by my side in some real problems. We spent a lot of lunches and I loved her company anywhere. She was a true friend to all. My heart breaks to know she passed but I'm sure she is making so many feel loved and cared about. I will miss her. Rest in peace my amazing friend.

Dear Richard, I'm so sorry to read your sister's, Adele, obituary. Sounds like she was a free spirit and loved her life. I've been wondering how you are doing. I think of you often and hope you're staying busy and are happy. I don't know yet, but think it would be so lonely losing your companion. Ron and I are building a home right now with our son, Ryan (his wife and 4 kids). It will be our end-of-life home and will be the basement floor of the house. Ryan, Misty and family will be living in the two floors above us. We've never built a home before and it's quite an eye opening experience but we're enjoying it. It should be done sometime next winter or spring. Ron is getting so slow now days and doesn't move around well at all. This is the best choice, I think, for both of us. We'll have family care, not retirement home care for the rest of our lives. Isn't that hard to believe "we're at the end-of-life part of our lives." I hope to hear from you. Love, MJ

Just watched her funeral. What a loving and sweet message you gave. Your son has a magnificent voice. We always pick him out when the choir sings. Love that full head of white hair. Take care of yourself. Love to you. Mary Jane
