So sorry to hear of Diana’s passing! When I think of her, I see her beautiful smile and remember how loving and friendly she always was. I’m so grateful for her influence in my life when I was a young girl, and for the amazing friend/cousin she was to my mom all these years. I know she will be very missed.

DIANA was a dear friend for many years. Our children grew up together. We once went to Disney land in my small mustang, Diana and I with our 4 kiddos. We stayed in camp grounds. We had a wonderful time. She is an amazing person who will be amazing giving love and service thru eternity. I'm sure she and Richard are having a wonderful reunion along with her wonderful mother and father. I will miss your sweet spirit.

When my family moved to Sugarhouse some 18 years ago the Sebrands were our neighbors for a number of years. We got to know the kids, Kaylee and Daniel and Richard before he passed away and Diana. She was a lovely, kind, caring person. I have memories of chatting with her about the old rose bushes and the kids. Although we never became close friends, we've kept in touch via Facebook, A lot of happy smiling pictures. Sending love to Kaylee, Daniel and the entire family.

Diana you were always so great to me when I was growing up, being my best friends mom and all. Have alot of great memories of you. To Kaylee and Daniel my deepest condolences, you both have a huge support system whenever you need it. Lots of love and hugs to all. This truly hits hard. ■■

We were so sorry to hear about Diana passing away. Diana was my son Spencer's primary teacher when we first moved into Emerson ward, she was always smiling and welcomed him to her class. We loved that she lived so close to us on Mcclelland street. We felt so welcomed in our new ward in part because of her and her kindness to our son.

I just found out today that Diana passed away. She was a sweet friend we had a lot of fun together she'll be sorely missed! But now she's pain-free and in a good place with her spouse and loved ones. I hope to have a happy reunion someday when I see her again
