Oh Natalie, Noreen, and Philip. I was so sorry to hear about your sweet mother passing away. I have so many fond memories of hanging out at your house and having momma Nelda around. She was a terrific mother to all of you and very accepting of me. I love her for that. I pray you find comfort and a many wonderful memories you have of your mother. And I hope you know how much she blessed others with her sweet Spirit. Love, Deb

I fell in love with Nelda the first time I met her soon after she moved to Riverton. She always remembered what was happening in my life and my family’s. She was kind and thoughtful and always had a special little gift over the holidays. I will deeply miss visiting with her and seeing her happy smile! May you be comforted during this time of loss. Love, Tamara
