My deepest sympathy to your family with the passing of your very talented and loving mother. I enjoyed a wonderful friendship with her and your family when we were much younger and were raising our families in Sandy. We worked together in cub scouts for several years. It was so fun and we did some great activities together with a great group of cub scouts. I admired her and appreciated her many accomplishments. I am so grateful for the memories we share together. Your family is amazing and I know she is so proud of you and all that you are doing with your families. Thank you for your loving care and devotion during her last challenging years. We will always remember her example and feel her love and devotion. My thoughts and prayers will be with each of you. With loving concern, Pat
