I am saddened to hear that my friend/sister Temukisa has passed. I had the privilege n treasured memories of working with her at the ASG Judicial Branch, the High Court of Am. Samoa for over 20years. I was the clerk for Chief Justice Kruse n she was the clerk for Associate Justice Richmond. She was a trusted co worker n we had our ups n downs BUT we had more happy, fun, working side by side days. Temu had a great sense of humor and she was also a hard worker, always trying her best to help anyone n everyone. We had great times, our court trips to Upolu n Savaii, our Xmas parties, singing n dancing at our office functions. I'd like to share a funny story with Temu. It was during the South Pacific Festival hosted in Pago Pago, everything was set up at Samoana Field, each country/island had a hut built to show their crafts, etc. Temu n I asked our supervisor if we could take our lunch together, we weren't busy. So we got the ok n we left, went in my Nissan p/up truck, got to Utulei beach it was packed but we found a parking space on the front side of the Fale Laumei, so I maneuvered the truck in there n we

fit n both had enough room to squeeze out the door. Walked to where Temu was waiting n she punched me on my arm. I said OWW n she said let's go. We were crossing across to get to the fields n just as we started to cross, the group from the Solomon Islands walked alongside n I looked at their traditional wear n started to laugh, Temu looked to see what was funny n next thing I know, she's punching me all the way across. She was a good loyal friend. I admired her for her love for her parents, she did everything for them, sometimes she complains but she still does what they want. She knew that I understood n felt how she was taking care of her parents bc I did the same with my paternal grandmother, I took care of my Mama n Temu would sometimes cover for me at work when I had to do something for my Mama. I never forget the morning my Mama died, I was in court, we had started a trial n Temu comes in n gives a note to the Chief Justice, next thing i know we took a break n C.J. told me to go to the hospital right away, as I was leaving Temu came to me, hugged me n said, "loto tele" then she punched me on my arm n told me, now go. So I vouch that her love taps (punches) were real, I got my share, but she did it with love. Temu, my dearest Temu, ia manuia lou malaga. Rest in peace n love. You are in Paradise with your loved ones n if you see mine, give them hugs from me. I love you Temu...always in my ■ Alice
