I loved your Mothers energy and enthusiasm for the Scouting program. She came in uniform and having a sparkle in her eye we made boys into strong , creative and confident young men. The pinewood derby and the rain gutter regattas were top notch, thanks to Ron as well. She had a zeal for the boys to experience all that was made available to them. I learned so very much from her and how important it is to fulfill your calling. She truly is an amazing lady.

All of us in the Maricq lab were deeply saddened to hear of your loss. To honor her memory we have made a contribution to the Huntsman Cancer Foundation.
