

Penny Margetts

November 29, 1935 ~ March 23, 2024

Dear Margetts family - Unfortunately, medical circumstances prevent us from attending the service in person so we will take advantage of the online availability. We would have much preferred seeing you all again. We absolutely loved also seeing the young photo of Penny. It beautifully expresses her openness of personality, her honest and trusting nature. It's very nice to also see that in her at a younger age, before we knew her. She was such an addition to Grant 7th Ward and to our neighborhood. We have missed her here. Still remember her lovely smile. You, her good children, are evidence of her character of completeness. We will be thinking of you. Shanna and Gary Blake
