

Alan E. Patterson

February 25, 1938 ~ May 16, 2025

May I please offer my most sincere sympathy to the loved ones of Doctor Patterson. It was a pleasure to work with him in Yakima for many years. He always waved as he walked by my office window, walking at a pace which was unhurried but always getting a lot done. He was always nice to me. I wish I had known him better. May he rest in peace. God bless him. Richard Boyd, MD

Enjoyed tremendously working with Dr. Patterson as his MA for 6-7 years. What a great guy!
