To the family of Doris Arko, I proudly served the students of Granite School District with Doris for many years. She was devoted to education and young children and adolescents. Doris was a true professional in every sense of the word. She was kind and loving to everyone she met. I was so lost when she retired, but I understood her first commitment was to family. I will cherish the time I spent with her, solving problems and making education better for students. I am so glad that she was my friend. All my love and positive thoughts are with her family, Mary Alice

Dear family: I was heart sick to read about dear Doris. She was my daily sunshine and positive energy during my years at the District office. We shared a special bond and I will forever be grateful for her commitment to the Community of Caring Program and the special friendship we shared. Her managerial excellence, her skills at accounting, ability to think ahead, plan and demand perfection made my job truly a pleasure and always made the two of us look good. I don't think I thanked her enough but she knew how much I appreciated her. She was truly amazing and taught me so much; life skills that I still use and expect from myself even today. I still find myself doing things that reflect what she demanded from herself and from me! She would remind me; "Shar, make copies and don't throw anything away." Doris was truly an example of professionalism and efficiency. I will always admire her ability to manage, organize and succeed. Thank you for sharing her with me those years .... Her memory will be with me always and I will forever treasure our friendship. "Shar" Sharlene N. Linford .

So sorry to hear about Doris. Our prayers are with you and your family. So glad you and Doris took time to see the world from cruise ships. Loved your balcony on the ship in Hawaii. Hope to see you again. Condolences to a fine lady and her courageous husband. Rex and Lona Estes
