Kathy, I'm sorry that your mom passed. Ever since Mom passed, I've wondered about you guys a lot. I never made it to lunch with you two. Sorry about that. I wish I knew how to get a hold of you. Best wishes to you.

I wish we could bottle up her laugh and her smile. Then we'd be together all of the while I love you my friend, and Kathy you are an angel of a daughter, your Mom has so much to be proud of.

I have many great memories of Aleen, with her daughter Kathy. I'm lucky to be a neighbor & friend, w many visits, and lots of laughs. One outing that stands out, is going w her & Kathy to the "Festival of Trees". She was dressed in festive clothes and loved the trees, of course. What I remember she was most excited for, was incredible varieties of fudge, to take home and enjoy! Oh how she loved her sweets! She was such a warm, happy and loving person, with an incredible, contagious laugh. She didn't go a day, w/out saying how grateful she was, to have Kathy, as her daughter & selfless caretaker. I'll forever have fond memories of sweet "Mama A" ■
