

Richard Thomas Murdock

December 23, 1952 ~ May 31, 2025

Richard was a fun uncle. I remember whenever our mom Carol brought us for family visits we always had alot of fun. So sorry to Ruth, the girls, and the grandchildren. He definitely loved his family. I know he'll be missed.

I will miss you and I love you more then anything. You were the best dad and grandpa (Pop) that ever existed. Words will never be enough ■■■

Working at the University with Rick always made each day an adventure. He always made me laugh, analyze deeper, and feel protected. I have nothing but fond memories of him. And, he was always “right” about everything! May God bless you my friend!

I’m sorry for your loss.

I am so sorry to belatedly learn of Rick's passing. He was a friend and regular neighbor at local gun shows where we enjoyed many days discussing our shared interests and everything else. Back when he was on the police force at Fort Douglas, I worked at one of the buildings on post, but behaved myself so we never met in an official capacity. Rick was always cheerful, polite and his great sense of humor made him fun to be with. He will be missed. Condolences to his family on this unexpected loss. We all have fond memories to cherish.
