

Robert Graham Bennion

September 14, 1959 ~ January 9, 2021

I would like to have been there for Robert. I would have offered these reflections: I fixed Rob's flat tire.... he fixed my flat spirit we both came out ahead. Thank God every single day. I will continue to pray for Robert,, you, and your amazing mother.

- Kevin Grundy

I was very saddened to hear of Robs passing I worked with him for over 19 years or so at American Diamond Tool, (formally Western Diamond) until he left there. I only talked with him once after that but I always thought of him and wondering what he might be doing, and mostly hoping he was happy, my condolences to Wood and the rest of the family I know how much he loved you all from thr way he talked aboit you rest in peace my friend. Burke
