

Dr. Reauelle King

November 12, 1972 ~ January 17, 2025

Dr. King was a wonderful doctor who made her patients feel heard and valued. I am so sorry for the loss of a beautiful soul— she will be greatly missed.

- Jamie Oyler

Reauelle will be so deeply missed. It was truly a privilege and joy to work with her these past several years. She was a force for good, always working to make things better. My deepest sympathies and condolences to her family.

- Kevin

What a beautiful soul, she is already missed. Our love goes out to you and your family.

- Alyssa

Dr. King, you will be dearly missed by everyone in our clinics. Rest in Peace and Condolences to your husband especially your kids and your whole family. We love you.

- SAITUTUILA AILUA

We send our sincere condolences to the family. Reauelle was a colleague at the Geisinger Medical Group in State College, PA and also served as my wife's primary physician. She was an excellent physician who truly cared about her patients. More importantly, she was a lovely person who was good hearted, kind, funny, and a pleasure to be around. This world has truly lost a talented and wonderful soul.

- Bill & Norma Ayoub

Reauelle was an incredible mentor and even more, an amazing person. She moved from Pennsylvania to Utah at the same time I was hired in the same clinic she had just started in. What are the chances that a short red-headed lacrosse mom from Pennsylvania ended up in the same office as a short red-headed lacrosse kid from Utah? We were instant friends. There are no coincidences. God knows. We were blessed to call her a friend.

- Robbie and Natalie

Sending prayers and thought for you and your family in your loss. Reauelle was a very special person.

- Pete and Kathie Hulburt

Dr. King was an amazing person full of compassion for any and everyone. She was super fun to be around and an all around great person! You will be missed thanks for the memories!

- Anthony La Rue

We have many happy memories in spending time with Reauelle in the numerous gyms and athletic fields where our boys played together. She was a very special person who we were glad to call our friend. Our thoughts and prayers go out to the entire King family.

- David, Kristin, Branden, Nate, & Meghan Price

I AM SO SORRY SUZIE THAT YOUR PRECIOUS DAUGHTER WENT TO.HEAVEN SO EARLY IN LIFE. GOD BLESS.YOU AND YOUR FAMILY. LOVE YOU. ❤■

- CAROLE BURR.

We didn't realize it at the time, but we were neighbors on Shamrock Avenue in State College, PA. Jeff purchased my boys' things for her boys in our yard sales. I wish I had met the redhead (I'm a redhead) I saw walking down Shamrock often sooner than when our paths crossed during the Mount Nittany Health Charity Ball; although it wasn't exactly her cup of tea, she proved to be an incredible asset to the committee, staying level-headed during the hectic moments. Her mile says it all. Sending prayers and peace to her family and friends. We are mourning in Happy, not so happy, Valley today. . .RIP my friend, I'm so sorry.

- Melissa Aungst Marshall

Reaulle will be greatly missed and fondly remembered by all who were blessed to know her. My heartfelt condolences to her family and friends. Peace and comfort to all.

- Mimi Wight Shaner

We met the King's when they moved to Utah and instantly connected with them, and we started coaching Rhett in little league football. Rhett is like our own son, and we will be here to support always! Reauelle also was my sleep doctor and helped me years ago get all hooked up with the thing I needed. She was the best at what she did and was always so caring and attentive. We will miss her dearly and will always be in our hearts and thoughts!

- Adam Ware

Reauelle ■ you’re the best! Top Five, most memorable one of them ones■■

Dr. King it was a joy working with you. You're an amazing doctor, person, and will be missed. A hymn came to my mind once I was told of your passing. "God Be with You Till We Meet Again" The second verse stood out to me. God be with you till we meet again. When life's perils thick confound you. Put his arms unfailing round you. God be with you till we meet again. Sending prayers to your family. God be with you till we meet again.

- Holly Mellinger

It is with a profound sense of loss that we mourn Reauelle’s passing. I will remember her passion, humor, honesty, fire and integrity. I will also remember her hair. She was a champion of many things, but none greater than her boys. It was my honor to be her friend and colleague, and I hope the pain we all feel now will be replaced by memories of everything that was so good about her.

- Tom Cloward

Dr. King and I shared our love of medicine and Big 10 sports. She loved her family and was so proud of her boys and their accomplishments. She was a great friend and colleague. I’m grateful to have known her. I am a better person because of her. She will be missed. All my love to her family

- Scott Schauss

Reauelle, my first friend and forever friend. It all began on Chellwood Place, kicking the can, piling in the Volkswagen bug, pulling each others hair, dance classes, and living in pools. Deep heart cries and prayers to the whole family. She must be dancing with Jesus. She will be so deeply missed.

- Dori

My deepest condolences to the King family. I worked with Dr. King the past few years and was able to see what a great person she was to all she worked with. Patients consistently would inquire about her during her absence over the past several months and you could tell the positive impact she had on them. I know she loved her family and I pray for the Lord's hand to comfort you at this time.

I am so grieved by this terrible news .A young Daughter, wife ,mother ,a friend, a doctor and wonderful human being has been taken away at a tender age from all of us . I cannot imagine the loss her family is facing . I last saw her April 21 2001 when she readout a verse from the bible on my daughter Vanita's wedding . Remember the beautiful red curley haired girl . May her soul rest in eternal peace and may God give the family the strength to bear this unimaginable loss . May God bless with love Lakshmi

- Dr Lakshmi Kavety Syracuse NY

Dear Jeff and family, It's hard to put into words what Reauelle has meant to us. A rock during the early post-stroke days, she earned the nickname we gave her thanks to an animated movie: "Brave." She was also my physician before she became Skoot's officemate. We are so blessed to have known her and remember fondly her pretty red "sitting shoes" and her confession of talking to the lit up Steelers yard ornament in the office after Skoot's stroke. Jeff, you are in our thoughts and prayers.

Jamie and I are so very sorry to hear of the loss of Reauelle. There are no words one can give but to say she positively impacted so many. If you were lucky enough to spend time at the Kingdom it was clear she was a de facto big sister to those that needed one. Sending love and our deepest sympathies.

Dr. King will be missed by hundreds and hundreds of people. I have been a patient for 15 years (I think). I truly loved her with all my heart. She always made me feel like I was more important any other patient. I have thought many times how wonderful to be treated by a doctor that has that knack of making her patients that special! I could make a very long list of all of her great qualities. I often told her she is very beautiful, that was inside to the outside!!! Dr. King talked about her family so loved so much and of course lacrosse. Dr. King was delightful, she knew her business, and got it right every time. I do want to tell you i send my love to each and everyone of her super fantastic family.

I enjoyed a professional relationship with Dr. King and I am devastated to hear the news. She will be missed greatly and a friend and colleague.

- Jake Veigel, MD

When I met Dr. King the first time, I had just watched the Disney movie "Brave." Dr. King and her vibrant red hair (and her vibrant personality) seemed to be "Merida" personified! I absolutely loved visiting with her and immediately recognized her love and commitment to her family. coincidentally our very first conversation was about her children. I am so sorry learning of her passing but I am grateful to have known her. Wishing your family sincere love and condolences. Kip Fowler

I only knew Dr: King as her patient, but she will be missed. When I first walked into her office I had no idea how much my quality of life would improve. Not only was she deeply knowledgeable about narcolepsy (a surprisingly rare thing), she made me feel seen, understood, and cared for. My friends and family all knew that she was my favorite specialist. My deepest condolences to her family and friends.

Last I spoke with Dr. Ann Reauelle King, she respected me, and listened with genuine compassion. I appreciate her time on my behalf. I'll always remember her, and the way she flipped her hair while we collaborated about my health and life. THANK YOU DEEPLY, I'm sorry for your loss. I'm honored to have known her.

Sending sincere and heart felt condolences. Dr King was my sleep doctor, and when I met her we immediately realized we were both from New York State. Making us fellow New Yorkers, we liked that. She was an amazing, gifted doctor of whom I trusted immensely. I'm so sorry for her family. May you all rest in Gods peace.
