Dear Nellie I have missed you so much. I worked at Granite High with her for 20 years I loved her funny ness and the things we used to do. We had lunch many times and sold basketball and football tickets together. She was a wonderful lady and I have missed her thes past years. May she rest in peace.

I was one of Alice’s first students at St. Mary’s and will always remember “Mrs. N” as we called her. Several years later I got to know her while working in a doctors office. She was a wonderful teacher and friend. She will be missed.

Alice Nellestein was an outstanding teacher and person. I am privileged and proud to list her as a colleague for 26 of her 35 years at Granite High School. The distinguished service she provided for her students gives credit to the history of this high school in Salt Lake City.

Nellie was a very great coach and teacher. I had the privilege of being a student and athlete of Nellie's for two great years at Granite High School. Nellie was a very special person, she was like a second Mom to me, and I'm sure many other students who were lucky enough to have been taught by her. I always think back on her always saying there isn't an "I" in team, and there isn't such a word as "can't". She taught us to never give up and to keep on fighting and working hard towards our goals. Nellie always presented us with a flower when we went to State, and always made her cute cards with her "Nellie character" as her signature for every game. Nellie was our Coach and Cheerleader. I'll never forget when a bunch of us volleyball girls changed the Granite High Marquee one night, it was our prank of the season. The next morning it was mentioned over the PA system at school, and everyone was wondering who had done that, but none of us girls gave each other up (we were a team). However, Nellie knew who it was and kept that close to her heart. I remember her mentioning it at practice, and that was all that was said. My sincere condolences go out to her family.
