We are so sorry for your loss! I don't recall if we ever met Grandma Shaffer, but I see Susan in her smile and her eyes! What a wonderful life she led and raised a beautiful family! I am sure that she is finding joy in that she is with her husband and the children that predeceased her. Our love to all of you!

Our first response is the joyful reunion in Heaven! Oh, Happy Day for her to be with Ralph and Carol!!! And too, her gift of calm love lives on in us as a beautiful star to follow.

Dear Shaffers, We loved watching your family grow when we all lived on Hubbard Avenue. Your mother and father were valiant, sweet, talented and so kind. They were so proud of each of their children. We send our love and sympathy at this tender time. Colleen and Rob
