I'm so sorry to hear of Alices passing. She was a dear woman of great faith. My love and condolences to her family.

Alice and Ruth were next door neighbors - and immediate best friends - in Las Vegas - from the time they were toddlers. In kindegarten, Alice's mother sewed matching dresses for them to where in an annual Las Vegas Days parade on their elementary school (5th Street) float. Alice often told me that she spent so much time at the Pulsipher's home that her mother said she might as well move there! The little girls were heartbroken, at the beginning of 4th grade, when the Pulisphers moved to Hurricane Utah. But not for long, the Merrills moved a couple miles away, a d less than a mile from the Pulsipher's apricot orchard, that same year. They remained BFFs (best frend's forever) a) the way to their senior year of high school. About the same time Alice's parents moved (and for similar reasons), the Pulsiphers moved to Ashland Oregon. Alice and Ruth continued as penpals for the remainder of their days here on earth. Ruth - my mother - assigned me to call Alice and let her know, when Ruth had gone home. From that 1st phone call, Alice and I immediately connected and became phone pals until she and Ruth connected again. Like others have said of Alice - they were "Best Friends Forever."
