

Roxanne Gray

August 13, 1961 ~ February 8, 2024

Even though I worked with Roxanne many years ago, she was a special friend and colleague that I have never forgotten. When days were difficult, Roxanne would bring laughter and joy. Those of us who had the privilege of working with Roxanne have heavy hearts at her tragic death. We appreciate the beautiful memorial that was written in her honor.

- Jane Haight (Hillcrest Jr. High School)

Our prayers and Sympathy from our family to yours....no one ever dies alone because the ones who struggle with the evils and peril in this life are always surrounded by the most Angel's.

- Del & Jennifer

I was a classmate with Bill Gray at Judge Memorial (Class of 81). To Bill and the family, my heartfelt sadness for my dear friend Roxanne. She was such a ray of sunshine in my life. From high school on, we would play tennis together. As the years passed, we kept in contact through cards and phone calls. She always remembered me on my birthday, as well as Christmas and New Year's. Even though we didn't see each other often, she was always there for me, especially during the loss of my parents. She would always make me laugh when I was having a down day. Bill, I am deeply sorry for the loss of your beautiful sister. Even with her own personal struggles, she maintained a positive attitude and beautiful big smile. Her hugs seemed to last for minutes. I know we will always have an angel on our shoulders. I will continue to pray for you, Roxanne and your family. Also, I will ask Fr. Dave VanMassenhove to say a mass for Roxanne and your family. Love and continuous prayers, Sandy.

---

tThank you for your teaching our son joseph at st frances church like us you were a great role modle for him . thankk you Gods speed.

- jim wiggins

Roxanne was a very dear friend to me during her teaching years at Parkside Elementary. We hung out at school and after school. I was fortunate to move on to the same street and become neighbors with her parents, Dean and Marie. They were amazingly beautiful people and Roxanne loved them deeply. I will never forget the fun we had together Roxanne, and how wonderful you were despite the monkey on your back that you couldn't shake. I am confident that you have finally won that awful battle and are at peace with Dean and Marie…I love you my friend…

- Leslee Miller

I worked with Roxanne at market street grill and enjoyed a friendship outside of work. What a fun soul!!
