I loved Ruth. Ruth and I had many memories. She made such a huge impact on my life and family. She will always be in my heart. Her and I could talk for hours and never get bored of each other. I love you Ruth. You weirdo❤■

I have known Ruth for as long as I remember. She was the fun, quirky mom that I wanted to be around. I made up the excuse that I wanted to see Dierdri but I really wanted to spend time with Ruth. I knew she would make me laugh and invite me to see the world from a "different" perspective. I was in awe of her creativity and the "unique" projects she was always undertaking. I remember the apple doll that she carved, dried, and dressed for Dierdri's school project. I knew that her favorite color was chartreuse. I knew that Ted adored her and his two daughters. I knew that she loved dogs - particularly Louie (known as Ivan Louis Jack IV). Remember the snow boots she bought for Louie? I knew that she monitored food intake at her house. (I once remember eating green olives for lunch.) I remember that she volunteered to babysit my eldest daughter when she was a baby because she was entranced with my daughter's full head of hair. She thought good hair was "a crown of glory". She was kind to me and made me feel special - particularly after my own father died. I loved being included on family outings - to Snelgroves for ice cream or to the zoo in Colorado Springs. (Remember Sally Bishop and the bucket of chicken?) Ruth was honestly one of the most entertaining individuals that I ever knew. You could not be bored in her presence and you always left her wanting to return. I know that she will be sorely missed here but needed to return to Ted to spice up things on the other side of the veil. Love you Ruth!

We're so sorry for your loss. She had a wonderful big smile. I'll always remember our fun conversations about our animals and how animated she was talking about them. Our thoughts and prayers are with you and your family.

We were nearby neighbors with Ruth in her condominium. Ruth was loved by all who knew her there! We cherished Ruth as our dear neighbor! Before and during the time I have been the bishop of the LDS ward there, my wife and I were home teachers and then ministers to Ruth for many years. She had such a dry sense of humor and she was simply a lot of fun to talk to. We had many great conversations in her warm and gracious condominium. As fellow condominium owners, we had downsized our Christmas tree years ago to a small emblematic semblance of a tree. But, we were always amazed that Ruth would get out a very large Christmas tree and spend hours and hours decorating it elaborately! We would also see Ruth reading the Scriptures and Gospel books while watching professional football on television at the same time! Ruth would faithfully walk in the long condominium hallway to keep up her health (and her figure, I believe)! She always dressed immaculately. She also liked to attend the Tabernacle choir concerts with her friends in the condominium building. We certainly miss her! Ima and Stephen Jardine Also, in her final years she didn't want to eat very much. We figured out that she would eat Krispy Kreme doughnuts if we brought them to her. We tried to get her to convert to Banbury Cross donuts. As far as we knew, she became a convert!
