

Edwin (Ted) Winder Aldous

June 28, 1940 ~ August 27, 2024

What a wonderful blessing Ted Aldous was to this world. Since 1974 till the day he retired, I was fortunate to have the privilege of working side by side with this great man. He was my best friend and always set a great example. He taught and lived by John 13:34: “love one another. Just as I loved you, you must love one another.” I send my love to his family and friends.

The Quient Giant and hero of my youth. One of the greatest of the great ones. Ted and Sydney are two of the kindest people I ever knew. I was heart broken when I found out Bishop Aldous had passed. The kindness they showed my family is never forgotten. For old time sake. During the services, please have a beeper go off and someone stand up and rush out to go help someone in need. In my humble opinion. Only an hour and a half viewing will never be enough time for a man this great. We love the Aldous family.

What a wonderful time to reflect on these two remarkable people. Your father was a “gentleman” in the true sense of the word. We shared many services hours where you learn to love others. We are will be on our annual family gathering in Sun Valley. We send our love and peace to each of you..

What a wonderful man. What a pleasure to have met this man and his wonderful wife! I am grateful that my son has married into and come to love and be loved by this beautiful family. Count me grateful to know them all.

I turned to my husband while sitting on our porch last night and said, "I'm sitting here with you because of Ted Aldous." Ted Aldous had an immense impact on whom I married and what my life would become. I dearly love him.

All the other reflections are how I remember Ted as well: a true gentle-man, kind, thoughtful and wise, always wanting to bless all with whom he came in contact. I have already been missing him greatly. I’m very thankful for his life.

Ted and Syd were a beautiful gift in our lives. Their friendship, love and endless kindnesses sustained us through a lot of challenges. We were very blessed to have them in our life.

Ted and I shared an office building and many patients over our 40 year association and I have utmost respect and thanks for his personal and professional commitment. We will all miss him deeply. The patients, colleagues and profession has lost a great one! My sincere condolences to your family.
