RIP Pops. We will all miss your larger than life Heart and quick whit. LOVE John

- John Erickson

Thanks for sharing Elden’s obituary. It reminded me of the many stories about his life shared over the years. He is with his beloved Joyce and other family and friends.

- Mary McLoud

Elden and Joyce were always wonderful friendly neighbors across the street. We loved how they enjoyed doing puzzles together but then they put theirs back in the box to do over again. Yes we felt loved when he would bring us some of his homemade ice cream.. I loved Eldens fun messages he always sent on email. Even when he was on oxygen he was sitting at his computer. I’m sure they both had many many friends and relatives meet them at the pearly gates. The neighborhood will be lost without them but we know they are happy together again. Sure loved them both. Our prayers are for their children now.
